

Accessing TCI: *Bring Science Alive!* from Home

Step 1: Log in to Clever using your student's Google account username and password:

<https://clever.com/in/crk12>

Step 2: Click on the purple TCI icon in the Clever homepage

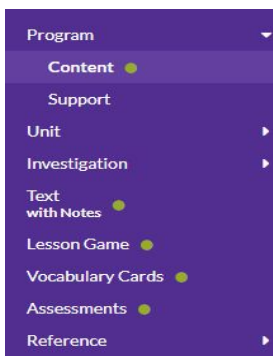

Step 3: Select the program your student is currently studying in Science:

Bring Science Alive! Matter

| | | |
|---|--|---|
| <u>6th grade units:</u> Space Planet Earth Forces & Energy | <u>7th Grade Units:</u> Matter Cells & Genetics Adaptations | <u>8th Grade Units:</u> Waves Weather & Climate Ecosystems |
|---|--|---|

Step 4: Access features of the online program using the purple toolbar on the left of the screen.

- Click on "Text with notes" to access the online textbook.
- Click on "Lesson Game" to access a review game to practice the content from the online text.
- Click on "Vocabulary Cards" to access online flashcards for lesson vocabulary.
- Students can also access online assignments or assessments using this toolbar (if assigned by the teacher.)

Navigate through lessons by using the "Lesson" and "Section" drop-down menus (highlighted below).
