Good morning from Postlethwait Middle School! Due to impending weather, we are going to reschedule Thursday and Friday’s picture and health screening days to March 11th and 12th. I am only calling about picture and screening days this week, not for school closures or delays! If there are to be any delays or closures, those decisions will be shared by Dr. Fitzgerald.

We will get new flyers from the picture company soon and will share those out. Mrs. Carroll will create a new sign up for our remote students for March 11th and 12th and we will share that as well. March 11th will be designated for our Group B students in the morning and our remote students in the afternoon. March 12th all day will be designated for our remote only students.

Hope you have a great day!
