

October 3, 2021 Global for Parents

Hello and Happy October from Postlethwait!

Recently, the state made some upgrades to our email system. Therefore, some of us (including me!) have not been able to access emails / send emails for a few days. If you feel that any of our staff have not responded to you, this may be why. Currently, I still do not have access to my email in the fashion that I am used to and may have missed emails. Please do not hesitate to reach back out to us if you feel that we may have missed communication from you. 😊

Our fundraiser has been extended and will go until October 14th. Please help us out! Our raised money goes back to our students and staff. You can visit boonsupply.com/1204162 to support Postlethwait. There are a lot of great prizes and we have a Mongoose BMX bike to raffle off for any student that participates.

Thanks for talking to your child last week about our expectations. We are still having some issues with silliness in the bathroom. It comes in the form of making messes and “horseplaying.” Please reinforce that bathrooms are for going to the bathroom! We have an “only two in the bathroom” rule. We do not want our custodians to have to take time away from essential cleaning due to bathroom vandalism. We also do not want anyone getting injured in the bathrooms due to reckless behavior. Also, if your child is in the bathroom at a time when others are not following the rules, they should leave the bathroom and report the concern to a teacher or staff member. We do not want students videoing each other, especially in a bathroom. We appreciate you reviewing this with your child. We will continue to teach this at school as well.
