

Caesar Rodney Hot Spots

In order to help with Wi-Fi during the COVID - 19 pandemic, our school parking lots are now able to support devices on our Wi-Fi.

Use of the complimentary internet is for academic purposes only. Building staff reserve the right to ask any vehicle to leave if they determine they are in violation of these rules or if the parking lot is needed for another unforeseen purpose. No technical support will be provided with this free service.

Please remain in your vehicle and continue to practice social distancing.

If you go to one of our school parking lots look for one of two options:

1. Some schools are able to access Xfinity Hot Spots.
2. All of our schools' parking lots have also been wired with a Caesar Rodney connection and are available for student use between 8AM - 6PM Monday through Friday.
