

Dear Parents,

We're so excited to start our 3rd grade adventure with you. In an attempt prepare for next year, we're asking parents to send in supplies ahead of time (if possible). Over the summer, we will be preparing supplies so they're ready to go when we see you in August!

It is not mandatory that all supplies are sent in before next school year, but it really helps us out to have binders and folders ahead of time. Please let us know if you have any questions.
