Welcome to Our Survey

Thank you for participating in the Delaware Teaching and Learning Experiences Survey. Your feedback is valued and we appreciate hearing from you.

What is the purpose of this survey? This will help all members of the school (students, families, and school personnel) understand how you felt about your learning during the coronavirus pandemic. Your participation is completely voluntary, and we value your feedback.

There are no right or wrong answers - this is not a test. We just want to know how you feel. Your responses will provide us with important information to help your school become even better and will be kept anonymous.

How long will it take to complete the survey? The survey takes approximately 7-10 minutes to complete. Your answers will only be saved when you click “Done” on the last page. As you respond to each item, focus on your thoughts and feelings based on your own personal experiences as a student.

We appreciate you taking the time to provide this critical information.

THANK YOU!
