SCHOOL BOARD OPERATIONAL GOALS

The Caesar Rodney School District Board of Education is responsible to the people, all of the people, for whose benefit the District has been established. The Board's action will influence the course of education in the district's schools for years to come. By virtue of this responsibility, the Board and each of its members must look to the future and to the needs of all people more than the average citizen finds necessary. This requires a comprehensive perspective and long-range planning in addition to attention to immediate problems.

The Board's primary responsibility is to establish those purposes, programs, and procedures which will best produce the educational achievement needed by district students. It is charged with accomplishing this while also being responsible for wise management of resources available to the district. The Board must fulfill these responsibilities by functioning primarily as a legislative body to formulate and adopt policy, by selecting an executive officer to implement policy, and evaluating the results. Further, it must carry out its functions openly, while seeking the involvement and contributions of the public, students, and staff in its decision-making processes.

In accordance with these principles, the Board through its mode of operating, will seek to achieve the following goals:

- To concentrate the Board's collective effort on its policymaking and planning responsibilities.
- To formulate Board policies which best serve the educational interests of each student.
- To provide the Superintendent with sufficient and adequate guidelines for implementing Board policies.
- To maintain effective communication with the public, staff, and students, in order to maintain awareness of attitudes, opinions, desires, and ideas.
- To conduct Board business openly, soliciting and encouraging broad-based involvement in the Board's decision making processes by public, students, and staff.

EVALUATION OF SCHOOL BOARD/BOARD SELF-EVALUATION

The Caesar Rodney School District Board of Education believes the efficiency of Board operations directly affects the efficiency of District operations. Therefore, the Board plans to conduct an annual evaluation in February that will be made up of:

- a self-evaluation instrument for each Board member;
- a self-evaluation of the Board as a whole to be completed by each Board member with the results tabulated and discussed.

The results of these evaluations will be discussed yearly, and revised standards and priorities will be set for the next year's evaluation.

This list of Board powers and responsibilities is not intended to be complete; however, it illustrates the authority vested in local Boards of Education

Issued: November 1994

Caesar Rodney School District, Wyoming, Delaware
Public education is the responsibility of the state. Under the states' constitutions and by legislative act, the structure for the operation and control of the public schools within each state has been established.

A large measure of the responsibility for the public schools is vested in local school districts, established under the laws of the state for that purpose.

The school board in the local district is the agency designated by the state to represent the people of the local district and the state. The board is charged with responsibility to interpret the educational needs and desires of the people and to translate them into policies and programs. It is emphasized that no single board member or group of board members is charged with the aforementioned responsibility. The charge is with the board acting as a single unit and the execution of the charge is by official board action.

The Board of Education has four major kinds of duties:

1. **Legislative:** The Board represents the people of the district, and will function as a policymaking body. The Board has complete jurisdiction over the school district and its employees.

2. **Executive:** The Board selects a chief school officer, the Superintendent of Schools, and delegates to the Superintendent the authority for formulating and overseeing all regulations, plans, and administrative details necessary to ensure that the policies of the Board are carried out in the daily operation of the schools.

3. **Evaluative:** It is the Board's duty to determine, through careful study and examination of facts and conditions, whether the schools are being operated efficiently--not only in terms of dollars and cents, but in terms of the effectiveness of the schools' instructional program, based on the philosophy of education as formulated by the Board.

4. **Judicial:** It is the Board's duty to conduct hearings regarding student or staff disciplinary action when such is recommended by the Superintendent or to conduct a hearing on appeals from students, parents, staff or others with an interest in questioning an administrative action of the Superintendent of Schools.

BOARD MEMBER AUTHORITY AND RESPONSIBILITIES

Because all powers of the Caesar Rodney School District Board of Education derived from the State statutes are granted in terms of action as a group, individual Board members exercise authority over District affairs only as they vote to take action at a legal meeting of the Board.

In other instances, an individual Board member, including the president, will have power only when the Board, by vote, has delegated authority to him or her.

It is contrary to the Code of Delaware for any Board member to seek individually to influence the official functions of the District. The Board of Education and its members will deal with administrative services through the Superintendent and will not give orders to any subordinates of the Superintendent either publicly or privately, but may make suggestions and recommendations.

The Board of Education will make its members, the District staff, and the public aware that only the Board acting as a whole has authority to take official action.

BOARD MEMBERSHIP - ELECTIONS/APPOINTMENT

The Caesar Rodney School District Board of Education consists of five elected members. All members are elected at large to five year terms. Newly elected members take office at the annual reorganization meeting in July.

Board of Education elections are held annually on the second Tuesday in May. The election is conducted by the Kent County Board of Elections. In the event only one candidate files for a vacant seat on the Board, the Board of Elections will cancel the election and declare the nominee elected to the term of office. All elections are held in accordance with Chapter 14, Delaware Code.

Vacancies on the Board are filled by appointment for the remainder of the fiscal year by the remainder of the Board. At the next regular election, a person is elected to fill the remaining term of office of the vacated seat. Appointed members take office at the meeting of the Board following appointment.

BOARD CANDIDATES

The Caesar Rodney School District Board of Education considers it important that a new member be knowledgeable about school governance and operations and prepared to discuss and cast informed votes on matters before the Board from the time the member is sworn into office.

All candidates will be urged to attend, and will be welcomed at, public meetings of the Board during the period of candidacy. All public information about the District will be made easily available to them.

The Superintendent will cooperate impartially with candidates in providing information about school governance, Board operations, and school programs. This cooperation may include:

- providing candidates with published information on the duties and responsibilities of school Boards and Board members; and
- making arrangements for the candidate to review the current policies of the Board, district regulations, and publications of the school system.

The Board expects its staff will seek to be impartial as it offers orientation for Board candidates. BOARD-SUPERINTENDENT RELATIONSHIP

The Caesar Rodney School District Board of Education believes that the legislation of policies is the most important function of a school board and that the execution of the policies should be the function of the Superintendent and staff.

Delegation by the Board of its executive powers to the Superintendent provides freedom for the Superintendent to manage the schools within the Board's policies and frees the Board to devote its time to policymaking and appraisal functions.

The Board holds the Superintendent responsible for the administration of its policies, the execution of Board decisions, the operation of the internal machinery designed to serve the school program, and for keeping the Board informed about school operations and problems.

The Board will strive to procure, when a vacancy exists, the best professional leader available for the head administrative post. Then, the Board as a whole, and individual members, will:

- Give the Superintendent full administrative authority for properly discharging his or her professional duties, holding him or her responsible for acceptable results.
- Act in matters of employment or dismissal of school personnel only after receiving the recommendations of the Superintendent.
- Hold all meetings of the Board in the presence of the Superintendent, except when his or her contract and salary are under consideration.
- Refer all complaints to the Superintendent for appropriate investigation and action.
- Strive to provide adequate safeguards around the Superintendent and other staff members so that they can discharge their educational functions on a thoroughly professional basis.
- Present personal criticisms of any employee directly to the Superintendent.

ADVISORY COMMITTEES TO THE BOARD

The Caesar Rodney School District Board of Education will rely on various advisory committees to counsel it as one way to learn about the needs and desires of the District and its residents. The central purpose of all advisory committees is to contribute to the educational program by conducting studies, identifying problems, and developing recommendations that will help the Board in the decision-making process. The ultimate authority to make decisions will continue to rest with the Board.

Citizens' advisory committees. Committees may be formed by the Board at such times and for such specific purposes as the Board deems necessary. They will function until their assigned goal has been accomplished, and then will be dissolved. Generally, citizens' advisory committees will be assigned to investigate areas of the educational program that need development, change, or reorganization, and areas of community involvement in District affairs.

Members will be broadly representative of the community's population, and will be chosen from among residents who have shown an interest in the topic to be studied, or who have a particular expertise relating to the topic.

Once activated, the committee will report periodically to the Board, keeping it informed of progress and problems. The Board may designate the intervals at which it will hear from the committee, but any significant developments will be reported as they occur.

No announcement may be made by any committee or its members to the public or press until such release has been cleared with the Board president or designee.

The Board will provide citizens' advisory committees with a suitable meeting place and other required facilities. All meetings of Board-appointed committees are public meetings and shall be conducted per statute commonly referred to as the "Sunshine Law."

SCHOOL ATTORNEY

The Caesar Rodney School District Board of Education will appoint legal counsel to represent the District and to advise the Board on legal matters. Counsel will attend regular and special meetings of the Board when requested to do so, and will be available for consultation as needed.

Because it is often necessary to consult legal counsel and receive its expert opinion as part of background information to be used by the Board in making decisions, and because at times the District may be involved in litigation or other legal matters, the Superintendent is authorized to seek counsel's services as needed. However, the Board expects to be kept informed of legal matters that are other than routine, and of legal services that may involve extraordinary expense to the district.

Individual Board members are expected to consult school legal counsel only when the full Board has given permission for such consultation. Otherwise, the Board member will be expected to pay any legal fees that may result.

Adopted: 1994

Note: It is the practice of the Board to appoint more than one attorney or law firm to represent the district, if specific expertise is required. For example, the Board may appoint one attorney or firm to act as general legal counsel, and another to represent the Board in personnel matters or for advice at hearings.

SPECIAL BOARD MEETINGS
(And Emergency Meetings)

Special meetings may be called for either of the following purposes:

1. To enable the Board to concentrate and take action on a single problem or a set of problems; or

2. To enable the Board to take emergency action between regular meetings.

Special meetings may be held as determined by the Board of Education as called by the president of the Board, or as called by the executive secretary of the Board upon receipt of a written request of a majority of the members of the Board. If an emergency exists and it is not possible to give 24 hours notice of the meeting, the executive secretary will notify the media by telephone and post the meeting notice. The minutes of such a meeting should clearly state the good cause justifying the emergency meeting.

Special meetings will be held at the time and place designated for regular meetings, unless otherwise determined by the Board in a previous Board action.

(Open Meetings)

All meetings of the Board of Education of the Caesar Rodney School District shall be open to the public, unless the Delaware Code requires or permits that the matter under consideration be conducted in executive session. However, final action on any matter considered in executive session must be taken in open, public session.

3. Activities of any law-enforcement agency in its efforts to collect information leading to criminal apprehension.

5. Discussions which would disclose the identity of the contributor of a bona fide and lawful charitable contribution to the public body whenever public anonymity has been requested by the contributor.
6. Discussion of the content of documents, excluded from the definition of "public record" in §10002 of this title where such discussion may disclose the contents of such documents.
7. The hearing of student disciplinary cases unless the student requests a public hearing.

9. Personnel matters in which the names, competency and abilities of individual employees or students are discussed, unless the employee or student requests that such a meeting be open.

The Board will move to an executive session only upon the affirmative vote of at least three-fifths of the entire membership of the Board. Prior to entering into an executive session, an announcement will be made identifying if the Board will consider action at the end of the session when the Board returns to open session.

AGENDA PREPARATION AND DISSEMINATION

Requests

The agenda for Caesar Rodney School District Board of Education meetings is prepared by the Superintendent in accordance with Board policy BEDB. In addition to members of the Board and the Superintendent, a resident or nonresident of the District, a member of the staff, or an organization operating in the District may request the placement of a matter on the agenda, provided the applicant notifies the Superintendent of Schools. To be acceptable, the request should be written and should include the name, address, and telephone number of the person or persons making the request; the name of the organization or group representative, if any; a statement of action to be requested of the Board; and pertinent background information leading to the request.

Placement on the Agenda

The Superintendent, upon receipt of a properly executed request, will set a date for inclusion of the requested item on the agenda as soon as practical, bearing in mind such considerations as allowing sufficient time to gather pertinent information, to assemble members of the staff who have sufficient knowledge of the subject, and to place the matter on the agenda of a regular meeting. The Superintendent will notify the individual or group of the time and place of the meeting at which the item will be considered. (Exceptions to this procedure are covered in the section Charges, Complaints, or Challenges, below.)

Items of Discussion

Only items on the written Board agenda will be discussed at any meeting of the Board unless the Board, by majority action, agrees to place additional items on the agenda at the request of the Superintendent or a Board member.

Circulation of Materials

Any written or printed material to be circulated at a Board meeting must be submitted to the Superintendent of Schools by the Wednesday preceding the meeting. Written materials will be transmitted to the members of the Board for their disposition with the agenda.
Charges, Complaints, or Challenges

At a public meeting of the Board of Education, no person shall orally initiate charges or complaints against individual employees of the District or challenge instructional material used in the District. All such charges, complaints, or challenges must be presented to the immediate supervisor and then through the Superintendent to the Board, in writing, signed by the complainant. All such charges, if presented to the Board directly, will be referred to the Superintendent for investigation and report. Charges, complaints, or challenges are subject to the procedures outlined in district policy BEE.

VOTING METHOD

Final action on any matter before the Caesar Rodney School District Board of Education may be taken only in open session, unless some other provision of the Delaware Code permits action to be taken in closed session.

Votes on all motions and resolutions will be by "yes" and "no" and will be recorded by individual member. No secret ballots will be used, unless each member identifies his/her ballot so that the vote can be attributed as the vote is tallied.

When the Board votes on the question of holding a closed session, the vote of each member--and the reason for holding the closed session by reference to a specific exemption--must be announced publicly at the open session and entered into the minutes.

All motions will be carried by a majority of the members present, or as otherwise required by law. No motion is considered adopted unless it receives at least three yes votes regardless of the number of Board members present.

Only the Board will have access to these documents, during a meeting of the Board or a judicial review or until such time as the matter considered in executive session no longer warrants confidentiality.

The executive secretary will prepare only one copy of the minutes of closed meetings. At the next regular meeting, prior to the approval of the minutes, each member present will review the minutes and initial the copy attesting to the fact that the minutes accurately reflect the matters discussed in the executive meeting. BOARD HEARINGS/APPEAL PROCEEDINGS

The Caesar Rodney School District Board of Education has established specific procedures for the hearing of grievances before the Board in order to ensure that employees and citizens receive a fair and impartial hearing of their concerns and complaints. Hearings will be conducted as follows:

I. Personnel Grievances

Employee grievances will be handled in one of two ways. The determining factor will be the nature of the grievance. Matters that are:

1. Related to matters provided for in a negotiated agreement or working agreement will be processed in the manner prescribed in the appropriate agreement.
2. Related to complaints from employees about matters outside the negotiated agreement or by employees not included in a certificated bargaining group shall be resolved through a process similar to the process for resolving formal grievances.

The Superintendent shall establish appropriate procedures to implement this policy and publish them in the District Employee Handbooks.

Employees desiring to address the Board on any matter will direct their communication to the Superintendent of Schools. Copies of communications to the Superintendent may be sent to all Board members.

Complaints against any employee that arise within the membership of the Board, or that come to the attention of the Board other than through the Superintendent, will be referred to the Superintendent of Schools. In case the employee is not satisfied with the decision of the Superintendent, appeal may be directed to the Board.

No complaint shall be considered by the Board in any other manner.

II. Citizen Grievances

Whenever a citizen is aggrieved at the action of any employee of the District, such citizen may give information to the employee's immediate supervisor. In the event that the matter is not satisfactorily resolved, the appeal process will follow this order:

1. Other supervisory or administrative personnel in the line of responsibility.
2. The Superintendent of Schools.
3. The Board of Education.
No appeal will be heard by the Board of Education, and no charges against the employees will be investigated or acted upon by the Board, unless they are reduced to writing, signed by the party bringing them, and presented to the Board through the Superintendent of Schools.

Adopted: August 1990

CROSS REFS.: GBK, Staff Concerns/Complaints/Grievances
                JII, Student Concerns, Complaints, and Grievances
                KE, Public Concerns, Complaints, and subcodes (subcodes pertain to complaints about policies, personnel, instructional resources, facilities, and services).
In order that employees of the Caesar Rodney School District may feel free to express their concerns, a complaint procedure is provided as the proper and official procedure for the resolution of complaints originating from the employees of the district.

**Definition:** A "complaint" shall be an allegation by an employee (or group of employees) that there has been a:

1. personal loss, and/or
2. injury, and/or
3. inconvenience

because of a:

1. violation, and/or
2. misinterpretation, and/or
3. in equitable application of Board of Education policies, administrative regulations, common practice, state or federal law, or DPI regulation that adversely affects the employee(s).

**Note 1:** A "complaint" is not to be confused with a "grievance". A "grievance" is an allegation that the terms of the Negotiated Agreement between the Board of Education and the Caesar Rodney Education Association have been violated. All "grievances" shall be processed exclusively per the terms of the Negotiated Agreement.

**Note 2:** It should be understood that the complaint procedure is open to all employees of the district. The decision to file a complaint is an individual one and all employees are assured that the use of this procedure is viewed as an employee "right" and employees are to be free of "pressure" if they use this procedure.

**Steps for the Resolution of Complaints**

**Step One:** Employees shall first discuss the issue with their immediate supervisor and inform the supervisor they believe they have a complaint. The immediate supervisor is the person who is responsible for supervising the employee's job performance and who is responsible for the evaluation of job performance.

Should the complaint be beyond the authority of the supervisor to resolve, the supervisor shall refer the employee to the appropriate administrative supervisor and arrange for a meeting of the employee and the administrative supervisor.
At the first meeting, the employee will be expected to identify the nature of the complaint and the desired remedy for resolution of the complaint.

The employee can expect to receive a written response from the supervisor within five (5) working days of the discussion of the complaint wherein the employee identified the complaint and proposed a resolution. The response from the supervisor will identify the administrator to whom the employee may appeal the supervisor's action if the employee feels the supervisor's action was not fair and/or appropriate.

**Step Two:**
If the employee does not feel the resolution proposed by the supervisor at Step One is fair and appropriate, the employee may appeal for further review. To do so, the employee should contact the administrator identified by the supervisor in the proposed resolution at Step One.

The notice to the administrator shall be presented in writing and shall include the following data:

1. The supervisor contacted at Step One; and
2. The policy, regulation, law or common practice the employee feels has been violated, misinterpreted or inequitably applied and
3. A suggested remedy for the complaint.

Forward a copy of the complaint to the Superintendent of Schools and the supervisor involved at Step One.

The administrator will contact the employee and arrange for a review of the matter within five (5) working days of receipt of the complaint.

The employee can expect to receive a written response from the administrator within five (5) working days of the review unless the employee and administrator agree to an extended time. A copy of the administrator's response shall be forwarded to the supervisor and the Superintendent of Schools.

**Step Three:**
The issue will be considered resolved unless the employee forwards a written request to the Superintendent for further review within five (5) working days of receipt of the administrator's Step Two response.

If the Superintendent of Schools cannot resolve the complaint to the employee's satisfaction within ten (10) working days of receipt of the request for Superintendent's review, the Superintendent shall refer the matter to the Board of Education at its next regularly scheduled meeting.
**Step Four:** The Board of Education shall determine the manner in which it will consider the complaint.

When the Board has determined how the complaint will be considered, the Executive Secretary of the Board will notify the employee of the process and inform the employee of the date that the Board will consider the complaint and process the Board will follow in reaching a decision on the complaint.

Within five (5) days of the Board's reaching a decision, the Board Executive Secretary shall forward to the employee the Board's decision in written form.

The consideration of a complaint at Step Four is the appropriate and final step in the district procedure to resolve employee complaints, except that the employee has the right to seek judicial review should the employee be of the opinion the district's denial has violated the employee's legal rights.

**Understandings and Stipulations**

1. It is desirable that complaints be resolved at the earliest possible time and at the most immediate level of supervision. The complainant may have someone of their choice attend any of the meetings after complainant has filed the complaint at Step Two.
2. An employee who wishes to lodge a complaint must do so within ten (10) days from the time when the employee knew, or reasonable should have known, of its occurrence.
3. The employee who has lodged a complaint shall, during and notwithstanding the pending complaint, continue to observe all assignments and applicable rules and regulations until the complaint has been resolved.
4. Meetings at which the employee's presence is required shall be arranged at a time and place so as not to interfere with the employee's regular duties.
5. Failure by the District, at any step of this procedure, to communicate automatically move the complaint to the next step. Failure by the employee to appeal a complaint to the next step within the specified time limits shall be deemed to be acceptance of the resolution proposed at that step.
6. Any matter for which a method of review is prescribed by law or by any rule or regulation of the State Board of Education or any matter which according to law is beyond the scope of the School Board authority, shall be excluded from this complaint procedure.

SCHOOL BOARD WORK SESSIONS AND RETREATS

The Caesar Rodney School District Board of Education, as a decision-making body, is confronted with a continuing flow of problems, issues and needs which require action. While the Board is determined to expedite its business, it is also mindful of the importance of planning, brainstorming and thoughtful discussion without action. Therefore, the Board may schedule work sessions and retreats from time to time in order to provide its members and the administrative staff with just such opportunities. Topics for discussion and study will be announced publicly, and work sessions and retreats will be conducted in accordance with the state open meetings law.

SCHOOL BOARD POLICY PROCESS

The Caesar Rodney School District Board of Education, representing the people of the District, is the legislative body that determines all questions of policy to be employed in the conduct of the public schools.

The primary responsibility for proposing Board policies rests with the Superintendent of Schools; however, policies may be proposed by any member of the Board of Education, by members of the staff with the approval of the Superintendent, by a lay group or organization, or by any citizen of the District.

Policy proposals will be submitted to all members of the Board in writing, through the Superintendent, as an agenda item. POLICY DEVELOPMENT SYSTEM

Policy Codification System

The Caesar Rodney School District Board of Education will follow the policy coding system developed by the Educational Policies Service of the National School Boards Association and the process to be followed in organizing and maintaining a District Policy Manual. The District’s Board Policy Manual is on the District’s website for both staff and public access.

Policy Manual

The Policy Manual is a collection of the Board's current operational directives. The statements in the Policy Manual are the guides the staff uses in creating the educational program that the Board has authorized.

It should be understood that the directives contained in the Policy Manual are equal to the directives of the state statutes in the formulation of the District's programs. Just as the people of the state speak through the statutes, the residents of the District speak through the Policy Manual of the Board.

Adoption or change in District policy follows a three-step process (1st Reading, 2nd Reading, Adoption) for policy development except for unusual circumstances or emergencies which do not provide time for extended study and public review before the Board needs to act upon the matter.

Policy deliberations are communicated to the staff through Board Highlights. All employees should become at least aware of the Policy Manual, and are urged to take time to review the scope and content of the Manual.

Administrative regulations have been prepared for many policies. These procedures are usually found in the Policy Manual on the pages following the appropriate policy, or in the handbooks prepared by the administrators (see code CHA, Development of Regulations).

POLICY REVIEW AND REVISION

The Caesar Rodney School District Board of Education understands the need for periodic review and revision of established Board policies to assure they are up to date and reflect current practices and intent of the District. The Board entrusts the responsibility for conducting such systematic reviews to the Superintendent or his/her designee. The Superintendent or his/her designee is responsible for the development of an established schedule of policy review and revision. The Board or the Superintendent may initiate a review of any individual policy/policies at any time such a review is warranted.

The Board recognizes that, in some cases, it is necessary to make minor revisions to policies, such as updating names, dates, titles, verbiage, and/or formatting, that do not result in substantive changes to the intent of the original policy. In such cases, the Board entrusts the Superintendent or his/her designee to make such non-substantive updates to current policies without submitting them to the Board for formal review or approval.

The Board also recognizes the necessity to update some policies in substantive ways in order to reflect current practice or to serve the best interests of the District. In such cases, the Board expects such policy revisions to be presented to the Board two readings (reviews) prior to being adopted as revised Board policies. The Board of Education will determine the process and extent of Board member involvement in the review and revision process.

The Superintendent is authorized to determine whether a revision is substantive or is not substantive. The Board retains the right to override the Superintendent’s decision on whether a revision is substantive or not. Copies of all non-substantive policy changes are to be forwarded to Board members for their information. The dates of adoption and revisions of all substantive and non-substantive revisions will be noted on the respective policies.

BOARD REVIEW OF REGULATIONS

The Caesar Rodney School District Board of Education shall delegate to the Superintendent the function of specifying required actions and designing the detailed arrangements under which the schools will be operated.

Such rules and detailed arrangements shall constitute the administrative regulations governing the schools. They must be in every respect consistent with the policies adopted by the Board.

The Board reserves the right to review and veto administrative regulations should they, in the Board's judgment, be inconsistent with the policies adopted by the Board.

SCHOOL BOARD COMMUNICATIONS

It is the belief of the Caesar Rodney School District Board of Education that keeping open communication with the public is critical to its proper functioning.

Through the procedures below, the Board will ensure that its members have knowledge of the communications directed to it from the public, and the public will know that Board members have received the communication.

All communications received by the District which are addressed to the Board will be copied and distributed to all Board members, either in the agenda materials for the next meeting, at the beginning of the meeting, or by distribution by the Superintendent.

Adopted: 1994

Caesar Rodney School District, Wyoming, Delaware
BOARD COMMUNICATIONS WITH STAFF

The Caesar Rodney School District Board of Education desires to maintain open channels of communication between itself and the staff. The basic line of communication will, however, be through the Superintendent.

Staff Communication to the Board
All communications or reports to the Board or any Board committee from principals, supervisors, teachers, or other staff members shall be submitted through the Superintendent. This necessary procedure will not be construed as denying the right of any employee to appeal to the Board from administrative decisions on important matters, provided that the Superintendent will have been notified of the forthcoming appeal and that it is processed in accordance with the Board's policy on complaints and grievances. Staff members are also reminded that Board meetings are public meetings. As such, they provide an excellent opportunity to observe first hand the Board's deliberations on problems of staff concern.

Board Communications to Staff
All official communications, policies, and directives of staff interest and concern will be communicated to staff members through the Superintendent, and the Superintendent will keep the staff informed of the Board's problems, concerns, and actions.

Visits to Schools
Individual Board members interested in visiting schools or classrooms will make arrangements for visitations through the principals of the various schools. Such visits will be regarded as informal expressions of interest in school affairs and not as "inspections" or visits for supervisory or administrative purposes. Official visits by Board members will be carried on only under Board authorization and with the full knowledge of staff, including the Superintendent, principals, and other supervisors.

Social Interaction
Staff and Board members share a keen interest in the schools and in education generally, and it is expected that when they meet at social affairs and other functions, they will informally discuss such matters as educational trends, issues, and innovations and general School District problems. However, staff members are reminded that individual Board members have no authority excepting when they are convened at a legal meeting of the Board or vested with special authority by Board action. Therefore, discussions of personalities or personnel issues by either party will be considered unethical conduct.

Adopted: 1994

Caesar Rodney School District, Wyoming, Delaware
BOARD COMMUNICATIONS WITH PUBLIC

The Caesar Rodney School District Board of Education president or executive secretary of the Board will acknowledge expeditiously any letter other than letters of acknowledgement, circular letters, or letters terminating a correspondence.

All communications received by the District which are addressed to the Board will be copied and distributed to all Board members, either in the agenda materials for the next meeting, at the beginning of the next meeting, or be distribution by the Superintendent.
