COVID-19 Screening for Families

Every morning before you send your child to school, please check for signs of illness:

- FEVER 100.4° OR CHILLS
- SORE THROAT
- COUGH OR SHORTNESS OF BREATH
- DIARRHEA, NAUSEA OR VOMITING, ABDOMINAL PAIN
- HEADACHE, MUSCLE ACHES, OR FATIGUE
- NEW LOSS OF TASTE OR SMELL

1. Does your child have any sign of illness above?
2. Were you in close contact (within 6 feet or more than 15 minutes) with anyone confirmed with COVID-19?
3. If the answer is YES to any of the questions, DO NOT send your student to school. Instead, begin isolation of your child and contact your healthcare provider. Have you been tested for COVID-19? Only a positive test or provider diagnosis can confirm if someone has a current infection.
4. Please keep your student home until they are cleared by a healthcare provider.

If you have trouble breathing, chest pain, new confusion, inability to wake or stay awake, or bluish lips or face, CALL 911!

This screening tool was adapted from the Mayo Clinic’s online COVID-19 Self-Assessment (mayoclinic.org/covid-19-self-assessment-tool) and the Indiana Department of Health’s COVID-19 Screening for Parents. Updated: 10/16/20.
