**FLU SEASON**

It is that time of year again for the flu virus. How can you protect yourself and your loved ones from the flu?

- Wash your hands often with soap and water or hand sanitizer.
- Get the flu vaccine. It is available at your family doctor or local drug stores for a minimal fee.
- Cover your coughs and sneezes with a tissue. Throw away the tissue after use. Then wash your hands. Do not re-use the same tissue.
- Avoid touching your eyes, nose and mouth.
- Keep surfaces at home clean by wiping with a household disinfectant.

Please keep your child home if he or she is sick. This prevents the spread of viruses and bacteria. If your child has a fever, vomiting or diarrhea. He or she should be free of fever/vomiting or diarrhea for 24 hours without the use of medication before returning to school.

Thank you for helping to keep our school well!

Our monthly focus for November will be on Habit 2: Begin with the End in Mind. This habit is about planning and setting goals. You are in control of your future.

The Habit Hype Squad will be going into the classrooms once a month to hype students up about the Habit of the Month. This month they will visit classrooms on November 6th. Ask your child which song or activity they learned! Try some activities at home to Begin with the End in Mind:

*Continued on page 3...*
• Puzzle Activity- Get a puzzle (about 24 pieces) and take the pieces out of the box so that your family does not see the puzzle picture on the cover. Invite family members to put the puzzle together without the aid of the picture. After two minutes, give them the puzzle picture and let them complete the puzzle. Ask: “Why is it easier to complete the puzzle with the picture?” Discuss why having the end in mind helps achieve your desired results as a family.

• Family Values- Explain that family values are what you believe in and care most about as a family—what is most important. Together make a list of what values your family shares. Discuss each value listed and why it is important. Allow all family members to have a voice. Celebrate with your family.

Counselor’s Corner

October was bullying prevention month. We have been focusing on how to be an UPSTANDER vs. a bystander. SEL lessons focused on the topic of bullying and as we move into November, we will be emphasizing character building, friendship skills, making good choices and spreading kindness.

Bullying can look like:
• Starting rumors about other students.
• Using social media to say mean things about another student in a very public and embarrassing manner.
• Hearing a rumor and then sharing it with other people.
• Teasing someone repeatedly but saying it is ok because “we’re just having fun”.
• Focusing and commenting on differences in people in ways that leave them feeling “less than”.
• Specifically excluding one person from invitations, plans, classroom groups, etc.
• Taking screenshots in classes and then posting photos or comments on social media to make fun of other students – their house, bedroom, clothing, hairstyle, etc.

IS IT BULLYING?
When someone does something unintentionally hurtful, and they do it ONCE, that's RUDE
When someone does something intentionally hurtful, and they KEEP DOING IT, even when you tell them to stop or show them that you’re upset, that’s MEAN

ALWAYS be an UPSTANDER and speak up for victims and those who cannot stand up for themselves. Up standers can say something, walk away and/or leave a chat. Not contributing is being an up stander too. Standing by and watching is being a bystander.
Boo Grams were a huge success raising over $500!
