Welcome Back to the 2020 - 2021 school year!

Here are some tips and information to help you be successful while we transition back to school in a remote learning environment.

**How Will I Connect With My Teacher?**

We are using Zoom for our remote platform. All teachers have a daily template they will use to ensure communication is clear for our students and their families. It will look something like this:

Students in grades K - 1 will log on to Clever (clever.com/in/crk12) and click on their teacher’s page icon.

Students in grades 2 - 5 will log on to Clever (clever.com/in/crk12) and click on the Schoology Icon.

1. Students will then click on “Courses” to find their ELA or Math Scheduled Class Period.
2. Look for the Remote Learning Daily Template to find your links and activities for the day.

**What Will the Day Look Like?**

Remote students will Zoom with their teacher and classmates from 9:45AM – 11:45AM. They will also be given an essential arts 30 minute block between 11:45AM – 1:30PM. Your child’s teacher will send you their schedule. Students will then Zoom for additional instruction from 1:30PM – 3:00PM.
What if I Need Help with Technology?

The Caesar Rodney Technology Department has set up two hotline numbers for technology assistance from home. These numbers will not be answered by a “LIVE” operator. However, if you leave a voicemail message or a text message, a work order will be generated and a technology staff member will return your call to support you at home. Below are the two numbers that can be contacted:

(302) 612-2839 – Technology Hotline
(302) 698-7950 – Technology Hotline

What Do I Need to Know About Zoom Expectations?

- Students must use their CR Google account to sign into the Zoom.
- Cameras must remain turned on. (If a student has a concern with their camera being on, please contact your child’s teacher.)
- Teachers will teach students Zoom norms and set up classroom agreements throughout the first week of school.
