EDUCATION AGENCY RELATIONS GOALS/PRIORITY OBJECTIVES

The Caesar Rodney School District Board of Education is committed to having District employees participate in cooperative and collaborative efforts with other educational agencies in an effort to discuss and resolve issues of mutual concern. These agencies include other school districts; local, state, and regional agencies; and any other education-related organization whose goals and expertise are beneficial to the District. These cooperative and collaborative activities may include, but are not limited to, the exchange of information or data, the coordination of school calendars and activities, and the establishment or sharing of services that may be advantageous to the students and staff of the District.

In its relationship to any other agency or organization, the District will strive to work in a collegial and professional manner. The District reserves the right to terminate participation in a voluntary partnership if the best interests of the District are not being served.
